

BELMONT ALUMNI ASSOCIATION
goinggreen

Go **GREEN** WITH BELMONT! The Office of Alumni Relations is not only **Belmont red** and **blue**, but we are also “Going Green!” We are encouraging alumni and students to promote and participate in developing a greener community. Keep watching. As we find more opportunities to enhance and support the longevity of our environment, we will add new initiatives.

Honoring Belmont Alumni

HELP OUR GREEN INITIATIVE BY SUPPORTING CELL PHONES FOR SOLDIERS!

Belmont University’s Alumni Association is calling on you to support the brave men and women of our armed forces by donating your used cell phones. You may drop

off your phones, chargers, or other components at the Alumni Office—Fidelity 104. Thanks!

It can take hundreds of years for plastic bags to decompose once they are in the environment and they can also contribute toxins to the soil and water. With that in mind, we have purchased reusable shopping bags, made of recycled materials. We invite you to stop by our office, Fidelity Hall 104, to pick up your own Belmont Shopping bag. Now, you can show your support for Belmont while you shop environmentally friendly!
